Dias ScreenTech™: Aluminium Screening and Fencing Systems

Dias ScreenTech™: Represents a Patented contemporary, aesthetically pleasing, maintenance free Aluminium Privacy Screen / Fencing System suitable for an extensive range of residential and commercial applications.

Exceptional Value:

Dias ScreenTech™: provides the opportunity to indulge your imagination and create the absolute premium Privacy Screen or Fencing System for your home at a surprisingly affordable price.

Advanced Patented Design:

Dias ScreenTech™: Patented Design facilitates totally concealed fixings of both fixing Channels and Screen / Fence Panels. This feature enhances the appealing clean lines of the product. The Patented Design also allows for ample out of square adjustment, facilitating easy and expedient installation.

Contemporary Styling:

Visually appealing, contemporary styling and uncluttered lines, not only provide for appealing design aesthetics but also add value to your home.

Design Flexibility:

Dias ScreenTech™: has been specifically designed to be fabricated and installed in an extensive range of configurations and applications. Dias ScreenTech™ is suitable for both residential and commercial applications. Design flexibility is further enhanced with the availability of two slat sizes: 50 x 12mm and 70 x 12mm. Slat can be fixed in both vertical and horizontal planes.

Dias ScreenTech™: is suitable for the following Applications:

- Privacy Screening
- Fencing Systems / Panels
- Sun Shades
- Awnings
- Gate Systems / Panels
- Decorative Screening
- Residential Applications
- Commercial Applications

Structural Integrity:

Dias ScreenTech™: Systems are manufactured using the highest quality Australian Standards Compliant materials. All Aluminium Extrusions used in the manufacture of the ScreenTech™ System is proudly extruded and finished in Australia, allowing unprecedented quality control.

Low Maintenance

Dias ScreenTech™: Systems are corrosion resistant and virtually maintenance free, only requiring minimal cleaning with a soft bristle brush and warm water when cleaning is required. The system will not fade or require repainting or staining as is the case with high maintenance timber products.

Extensive Colour Selection:

Dias ScreenTech™: is available in an extensive range of Powder Coat and Anodised finishes. Colour selection is only limited by your imagination. Please ask your distributor for further advice on a design to suite your personalised requirements.
